Somewhat oppose: 8%
Strongly oppose: 6%
Not sure: 10%

Q8: Citizens in Michigan are now gathering signatures on a voter initiative petition called Secure MI Vote, that would do several things to strengthen the integrity of elections. I want to get your view on this initiative. The ballot summary for this initiative measure is as follows:

"Initiation of legislation amending the Michigan Election Law . . . to require partial social security number for voter registration; require photo ID for in-person voters; require driver's license, state-ID, partial social security number or photo ID on absentee ballot applications; require voters who don't provide this ID to present ID in person within 6 days after the election to have their vote counted; provide state-funded IDs to applicants with hardships; specify minimum times clerks must accept absentee ballots for in-person or drop box delivery; prohibit officials from making absentee ballot applications available except upon voter request; prohibit donations to fund elections." *If this election law measure goes to the ballot, would you support or oppose the ballot measure?*

Strongly support: 42%
Somewhat support: 23%
Somewhat oppose: 11%
Strongly oppose: 14%
Not sure: 11%

Q9: While most Michiganders do show photo ID if they vote in person, there is a loophole for those who do not. This initiative strengthens the voting security process by requiring that all voters show a government-issued photo ID for in-person voting and provide ID information on absentee ballot applications. *Does knowing this make you more or less likely to support the Secure MI Vote initiative?*

More likely: 58%
Less likely: 18%
Not difference: 24%

Q10: The Secure MI Vote initiative would prohibit the Secretary of State and local election clerks from sending absentee ballot applications to voters who have not requested them. *Does knowing this make you more or less likely to support the Secure MI Vote initiative?*

More likely: 50%
Less likely: 28%
No difference: 22%

Q11: The Secure MI Vote initiative would ban outside entities, including corporations and interest groups, from funding the government's election functions to avoid allowing that funding to influence the election process. *Does knowing this make you more or less likely to support the Secure MI Vote initiative?*

More likely: 60%
Less likely: 21%
No difference: 19%

Q12: Opponents of the Secure MI Vote initiative say it will make it tougher for Michiganders to vote, and that the voter ID provisions will especially suppress minority voters. *Does knowing this make you more or less likely to support the Secure MI Vote initiative?*

More likely: 42%
Less likely: 32%
No difference: 26%

Q13: Supporters of the Secure MI Vote initiative counter that polls show large majorities of minority voters support requiring citizens to show photo ID to vote, and that the measure provides those IDs free of charge for the poor. *Does knowing this make you more or less likely to support the Secure MI Vote initiative?*

More likely: 59%
Less likely: 19%
No difference: 22%

Now, sometimes in a survey like this people change their minds. I will read you the original ballot question again.

Q14: "Initiation of legislation amending the Michigan Election Law . . . to require partial social security number for voter registration; require photo ID for in-person voters; require driver's license, state-ID, partial social security number or photo ID on absentee ballot applications; require voters who don't provide this ID to present ID in person within 6 days after the election to have their vote counted; provide state-funded IDs to applicants with hardships; specify minimum times clerks must accept absentee ballots for in-person or drop box delivery; prohibit officials from making absentee ballot applications available except upon voter request; prohibit donations to fund elections."

Strongly support: 50%
Somewhat support: 19%
Somewhat oppose: 5%
Strongly oppose: 18%
Not sure: 8%

Q15: If a candidate running for public office supports the Secure MI Vote ballot measure, would that make you more likely or less likely to vote for that candidate?

Much more likely: 42%
Somewhat more likely: 18%
Somewhat less likely: 8%
Much less likely: 15%
No difference: 17%
